***Ethical Decision Making: Self Care or Risk Management***

An Experiential Evening and an Important Topic

Caring for ourselves as well as our patients enhances our effectiveness as partners in the healing process. Practicing ethically and with integrity is vital to our self care. Let's talk about how we can work in the best interests of ourselves and our patients rather than "managing" or "reducing" our risks in our professional approach.

Margo Barnard, LPC, BSN gratefully practices psychotherapy, gardening, & yoga in Carrollton, Georgia David Hartley, MD has been experiencing psychotherapy for 32 years with children & adults.

David & Margo facilitate an ongoing psychotherapy group, "Care for the Healer," for therapists & graduate students.

We would also like to introduce you to the Academy and what we do.
